*Journal of Celtic Language Learning* is an international review for researchers and teachers of modern Celtic Languages. The official publication of the North American Association for Celtic Language Teachers, *JCLL* includes papers presented at the association's annual conference in addition to manuscripts submitted by Celtic language scholars world-wide. It is also a forum in which Celtic language teachers can share insights into methodology with their peers.

*JCLL's* mission, similar to that of NAACL, is to provide another forum in which teachers and applied linguists can contribute to the literature presently available on second language acquisition as well as increase communication among Celtic language teachers and researchers.
